

GARDEN ETIQUETTE

DahliaHill.org

Enjoyment of our unique dahlia filled garden is the goal for all visitors. To maintain the beauty of the garden and safety for everyone plus the dahlias, please observe our garden etiquette.

PATHWAYS AND LAWN: Please walk only on the gravel pathways and the areas of lawn.

DAHLIA ROWS: Walking in the dahlia rows compacts the soil and damages the plants' roots. Please stay on the gravel pathways.

STONE RETAINING WALLS: Stone retaining walls support the garden soil and dahlias. They are not structurally sound for anyone to be on them.

DAHLIAS: Please leave all flowers in place for everyone to enjoy.

SCULPTURES: Sculptures are for everyone to enjoy. Please refrain from touching them.

PICNICS: Please enjoy picnics on the lawn areas and clean the area as you leave.

PETS: Pets on a leash and service animals are allowed. Please clean up as needed.

SMOKING: Our garden is smoke-free, including vaping and electronic cigarettes.

RECREATIONAL EQUIPMENT: Bicycles, skateboards and rollerblades can be parked at the bike racks. Sledding and snowshoeing in the winter is prohibited.

WILDLIFE: Please do not feed or handle wildlife.

YOUNG CHILDREN: For their safety, please supervise children at all times.

ALCOHOL: Our garden is a alcohol-free environment.

PHOTOGRAPHY: Please stay on the gravel pathways and the lawn areas for taking photos.

Address
